

**Wee1: TIER 0 Candidate**  
**6 Tissues with Clock Gating**

WEE1 - CIRCADIAN GATEKEEPER

Tissues with Significance: 6

Clock Genes Gating Wee1: 8 / 8

Average Effect Size: 2.359

Biological Role:  
Cell cycle checkpoint kinase, G2/M transition regulator

Cancer Relevance:  
Direct target of chronotherapy (WEE1 inhibitors in clinical trials)
